Dear Servant Leaders:

I am writing to thank you for praying for and/or supporting Servant Leadership Ministries Global (SLMG) over the past years. SLM is a Christian Leadership Training Ministry (non/inter-denomination) dedicated to raising-up mature and knowledgeable Christian Leaders in Africa, Asia, North, Central and South America; leaders who follow the principles of Jesus and the New Testament. Through SLM, God has been uniquely infiltrating the “heart of darkness” with the light of His Gospel/Discipleship.

**SLM’s Distinctiveness:** SLM is equipping, training, mentoring, and supporting pastors and leaders in an affordable/low cost and collaborative manner for a global and diverse orchestration of the gospel/discipleship, particularly in five critical regions—Africa, Asia, North, Central, and South America (Eph. 4:11-13).

Over the past 21 years, SLM has been doing cutting-edge leadership training and missions’ expansion in five critical regions of the world—Asia, Africa, North, Central, and South America. **We have established three Training Institutes in Africa: Nigeria** (including a completed campus, with dorms and a furnished library), **Kenya** (including building a campus, with dorms and a furnished library—to commence in 2024), **and Togo** (including building a campus, with dorms and a furnished library—in process). In South America our main base is in Guyana. We collaborate with HIMTC (Hauraruni International Missionary Training Centre—with a completed campus) and GTTI (Guyana Theological Training Institute). Currently, we have attracted leaders and pastors from the following nations:
